Lifting Living Standards
One Donation at a Time

Report on Giving 2017
You are a part of a special community: your ideas, encouragement and donations underpin the C.D. Howe Institute’s research, events, and communications. We are profoundly grateful for your support, and determined to use it to make Canada even more successful in the future.
Scan the globe, and the importance of good public policy to countries and the wellbeing of their people stands out.

Some governments tax wisely and invest effectively in education, public health, and public infrastructure. Some countries have laws and regulations that are predictable and fair. In some places, individuals and businesses can work, save, invest and trade based on their own judgements about wants and needs. Those are places where people prosper.

In less favoured countries – where taxes are destructively high, programs are ineffective, rules are arbitrary, and governments restrict and distort private-sector decisions – people cannot realize their ambitions, and will leave if they can.

The C.D. Howe Institute’s mission is to ensure that Canada is in the former, favoured group – that Canadians can prosper and look forward with optimism. The Institute's fact-based analysis, policy commentary and discussion of pressing issues provide business leaders, professionals, the academic community and policymakers with authoritative research and a vehicle for informed debate.

We at the C.D. Howe Institute deeply appreciate the intellectual and financial support that makes this work possible. We thank the outstanding network of academics and thought leaders who write for us, review our work, and ensure that the quality of our research program is second to none. And we thank the members and donors who believe in the power of informed discussion to move Canada forward, and lend their support to the cause.

You are a part of a special community: your ideas, encouragement and donations underpin the C.D. Howe Institute’s research, events, and communications. We are profoundly grateful for your support, and determined to use it to make Canada even more successful in the future.

2017 MAJOR GIFTS AND GRANTS

As a charity, private support makes the C.D. Howe Institute’s work possible. People are often surprised by our modest resources. We have only one office, and about 30 staff. We have no eight-figure endowments or major, multi-year government grants. All donations are purely philanthropic – the Institute does not accept any donations that stipulate a predetermined result or otherwise inhibit the independence of its staff and authors.

Targeted major gifts and event sponsorships enable supporters to bolster the Institute’s research and dissemination capacities in specific areas of interest. They complement the annual membership campaign, strengthening the Institute and enabling it to recruit scholars and support programs that enhance its ability to develop innovative solutions to policy challenges. We gratefully acknowledge the following donors and sponsors:

ABOUT THE INSTITUTE

The C.D. Howe Institute is a registered charity, and an independent not-for-profit research institute whose mission is to raise living standards by fostering economically sound public policies. Widely considered to be Canada’s most influential think tank, the Institute is a trusted source of essential policy intelligence, distinguished by research that is nonpartisan, evidence-based and subject to definitive expert review.
