

Thursday June 15th, 2017, 8:30 am – 12:30 pm
C.D. Howe Institute, 67 Yonge Street, Suite 300 Toronto, ON

Capital markets function much differently today than they did prior to the turn of the last century. Today's markets are characterized by fewer IPOs, the growth of private markets (including infrastructure) and the rise of the activist shareholder, factors which are interrelated. This conference explores changes in the composition of capital markets and the way in which they function, as well as implications for capital markets participants including corporations, shareholders and market intermediaries.

AGENDA
